MEDICAL COLLEGE AND HOSPITAL EQUIPMENTS

DEPARTMENT OF ANATOMY :

- Cutter Machine.
- Mortuary Chamber
- Trinocular Microscope
- Binocular microscope
- Monocular Microscope
- Bone cutting Machine
- Distillation Plant
- Microtome Rotary
- Microtome
- Hot Air Oven
- Paraffin Floating Bath
- Tissue Floating Bath
- Sliding Sledge/Microtome
- Refrigerator
- Weighing Balance Analytical
- Weighing Balance (Plain)
- Dissection Microscope
- X-Ray View Box
- X-Ray Viewing Lobby Box
- Computer with CPU & Printer
- Overhead Projector
- Overhead Revolving Light
- Plaster Cutting Machine
- Slide Cabinet
- Olyrnpus Microscopes
- Dissection Table
- Table with S.S. half standard Size
- Drill Machine
- Hand Saw
- Band saw for Sectioning Body And Limbs
- Stools metal (3 lags)
- Brain Knife
- Plastic Tanks For storing soft & Dissected parts
- Trolley table (steel Light)
- Rack Steel
- Incubator
- Diamond Pencil
- Skelton Articulated
- Skelton Articulated(IMP)
- Dis-Articulated
- Dis-Articulated (IMP)

- Specimen Jar
- Hot Plate

MAMALIAN LAB :

- Large Extension Kymograph, cannula with motor
- time marker & pump
- Operation Table
- Volume Recorder
- Dale's Bath for Internal Organ
- Animal Weighing Machine
- Mary's Tambour
- Venous & arterial cannula (different size)
- Anesthesia Boxes
- O₂ & CO₂ Cylinder

Operation Table

CLINICAL LAB :

- Perimeter
- Sphygmomanometer
- Stethoscope
- Clinical thermometer
- Spirometer (Student's)
- Mosso's Ergo graph
- Compass
- Temperature Aesthesiometer
- Algometer
- A Knee Hammer
- Stethograph
- Bicycle Ergometer
- Olfactometer
- Ophthalmoscope
- Schematic Eye
- Phycoscope
- Edridge Green Lantern
- Maddox Rod
- Newton's Coloe Wheel
- Tuning Fork
- Stop Watch
- Double Demonstration
- Eye Piece
- Hand Grip Dynamometer
- Clinical coach

AMPHIBIAN LAB :

- Electrical Kymograph
- Myograph Stand
- Student's Stimulator
- Simple Key
- Start Circuiting Key
- Pohl's Commutator
- Muscle Torough
- Muscle Lever
- Muscle Grip
- Hook & Weight
- Heart liver
- Myograph Board
- Animal Tray
- Electric Time Marker (100/sec)
- Tuning Time Marker (100/sec)
- Electrodes
- X - Block
- Burret Clamp
- Animal Bowel
- Brush
- Uprights
- Kymograph Paper
- Copper Wire I
- Smoking Outfit with fume cupboard
- Varnishing Outfit for long & short paper

Electrical Kymograph

Pohl's Commutator

RESEARCH LAB :

- Electric pH Meter
- Photoelectric Calorimeter
- Distillation Plant (Double Stage)
- All Glass Distillation (Double Stage)
- BMR Apparatus
- Gas Analyser
- Van Slyko Apparatus
- Physiograph (03 Channel)
- Physiograph (Single Channel)
- Polygraph

Physiograph

HEMATOLOGY LAB :

- Microscope
- Demonstration Eye Piece
- Stage Incubator
- Centrifuge
- Digital Weighing Machine (Small)
- Westergren Pipette with stand
- Shalis Haemoglobinometer
- Haemocytometer
- Needle Destroyer
- RBC (Hayern's) Fluid Bottle (500 ml).
- WBC (Turk's) Fluid Bottle (500 ml).
- Lishman's Stain Bottle (500 ml).
- Anti ABD Kit
- Needle 01 Box.
- Cyring (5ml) Box.
- Cotton
- Spirit

Demonstration Eye Piece

Haemocytometer

OTHER EQUIPMENTS :

- Student's Bag Rack
- Table
- Chair
- Stools
- Green Board
- Chart
- Iron Rack
- Almeria (Small)
- Sterilizer Electric
- Instrument Trolley
- Dustbin
- White Board
- Apparatus for passive movement
- Computer System
- Printer
- Student Coach
- Iron Rack
- LED Projector
- Extension Board
- Wooden Table
- Executive Table
- Revolving Chair
- Executive Chair

Stool

- IS. Tube Light
- Notice Board

DEPARTMENT OF BIOCHEMISTRY :

- Fume Cupboards
- Autoclave Electric
- Constant temperature water bath
- Incubator electric with thermostat
- Hot air oven
- Magnetic Stirrer
- Pump vacuum
- Colorimeter
- Flame photometer
- Chromatographic chamber
- Water distillation plant (metallic)
- All glass distillation apparatus (dabble)
- Centrifuge clinical tubes
- pH meter
- Ultra violet (U.V.) lamp
- Electrophoresis apparatus with power supply
- Spectrophotometer
- Binocular research microscope
- Compound microscopes
- Ryle's tube
- Balance open pan
- Balance semi micro
- Vortex mixers
- Urinometers
- Thermometers 0-110 degree
- Thermometers 0-250 degree
- Stop watch
- Desiccator large size
- Dêsicator small size
- Homogeniser
- Samplers (auto pipettes) different volume range

Glassware / Plastic ware :

- Burettes (50 ml)
- Glass pipettes (20 ml)
- Pipette Tips
- Test Tube
- Glass pipettes
- Conical flask (500 ml)
- Volumetric conical flask (250 ml)
- Graduated measuring cylinder pcv (1000 ml)
- Graduated measuring cylinder glass (500 ml)
- Graduated beakers(1000 ml)
- Reagent bottle (60 ml)
- Samle bottle (2000 ml)
- Tripod stand
- Wire gauze (iron base)
- Test tube holder
- Pipettes pump
- Gas burners
- Reagent rack

Pharmacology Department :

- Starlings long extension kymographs with time makers.
- The ideal Respiration Pump (500 cc. CAP)
- Brodies operation tables
- Incubators
- Assembly perfusion apparatus for mammalian heart
- Assembly for mammalian classes
- electric recording drums
- Mechanical Stromhur
- Gadum's out-flow recorder
- Centrifuge
- Canulas (different types) -
- Cautery machine, electric Blendstone
- Varnishing Tray with foot lever
- Four Unit Isolated organ bath palmer
- Analgesio meter
- Smoking Burners Palmer A-291 and A-265
- Tracheal Canula Metal Palmer
- Condon's Drop Recorder—Palmer B-75
- Prof Inchleys Drop Recorder-Palmer 8.78
- Machine for small animals like rats and gunea pig
- Machine for big animals like dogs
- Dissection instruments set

- Kymograph (students) Electric independent unit
- X-blocks
- Hook grip rods
- Plain stand
- Apparatus for isolated rabbit intestine
- Jacquets graphic chronometer
- Frog Board Palmer
- Jackson's Enterograph
- Hair Aesthesiometer
- Long Extension for paper palmer
- Animal Balance Triple Beam
- Manometers mercury Palmer
- Metronome Palmer
- Oncometer Heart
- Oncometer kidney
- Copper Trays
- Thermometer (up to 110 degree Celsius)
- Distillation apparatus
- Microscopes with LED
- Chemical Balance-ordinary
- Chemical Balance-Sensitive
- Dissection instrument
- Plethysmograph assorted
- Pneumograph Palmer
- Piston Recorder Palmer
- Tambours mareys Palmer
- Tetanus Set Palmer
- Top Watches Jacquets

Pestle And Mortar

SPECIAL CHEMICALS AND PHARMACOLOGICAL EQUIPMENT :

- Stimulator Electronic Arthus Thomas
- Balance Semi micro Analytical
- Electrocardiograph
- Spectrophotometer Model Du-Bachman
- Skin and Rectal Thermometer Barun
- Antihistamine Chamber with manometer
- Flame photometer
- Stop clock
- Water bath 4 hole electrically heated
- Bell jars Assorted
- Petri dishes assorted
- Museum drugs specimen jars
- All glass distillation apparatus cap.2 liters
- Centrifuge Electric international R.P.M. 3000
- Microscope students type with mechanical stage and oil immersion
- Magnetic stirrer B.T.L
- Autoclave electric
- Hot air oven
- Incubator Electric
- Vacuum & Pressure Pump Cenco
- Instruments Sterilliser Electric
- B.P. Apparatus
- Distilled water stillt Manesty Electrical
- Gallon per hour
- Stethoscope
- Multimeter
- Temperature controlled water bath
- Razor Hone
- Electric Hot Plate
- Deionizer-two of capacity 20 liters per hour and liters per hour (mixed bed type) connected in series
- Vortex mixer
- Actophotometer
- Rotarod Assembly
- Electro - Convulsiometer
- Cook's Pole Climbing Apparatus
- Metabolic Cages (Diuretic Study)
- Digital pH meter
- Tablet Disintegration Machine Glass tubing
- mortar & pestles
- Cork borer
- Holder for platinum wire loop
- Lancet spring (disposable)

- Magnifying glass with metal handle
- Postmortem instruments sets
- Suction pumps
- Dessicators
- Apron plastic for postmortem
- Apron rubber for postmortem

Suction Pump

Department of Pathology (College) :

- Coplin jars
- Balance with weight
- Electric balance
- Monocular microscopes
- Timer
- Saw, wire for cutting bones
- Slide boxes
- X ray viewing box
- Double demonstration eye piece
- Stop watch
- Overhead projector
- Urinometer
- Sternal puncture needle adult size Aspiration
- Sternal puncture needle biopsy
- Bottles Sp gravity 25 cc
- Micro burettes
- Haemocytometer with red and white Pipettes
- Haemoglobinometer, Sahli 's
- Sedimentation apparatus- one westergren's and one Wintrobe
- Staining jars for slides.
- Diamond pencil
- Centrifuge tubes graduated
- Crucible with china lid
- Crucible each with adapter
- Reagent bottle
- Dropping bottles
- Computer with keyboard, mouse and CPU (HCL)
- Revolving metal stools
- Museum jars
- Museum racks
- Cabinet
- Polarising attachments for microscope
- Blood pressure instrument
- Laboratory counter nine key clay Adams
- Micro projection apparatus

- Albuminometer tube, Esbach's and Aurbeach's
- Graduated cylinders for various capacities
- Pipettes of various sizes

Department of Pathology (Hospital lab services) :

- Rectangular water bath .
- Water bath (57 degree Celsius)
- Tissue flotation bath
- Coplin jars
- Timer
- Slide boxes
- Almirah (Large)
- Almirah (small)
- Almirah (small with glass door)
- Book rack (wooden)
- Cell analyser
- Colorimeter (Digital photo colorimeter, Oxford lab instrument)
- Electric hot plate
- Grossing kit
- Glass tube rack
- Incubator
- Microtome
- Micropipette
- Blood mixing rotator
- Tissue processor
- Slide warming plate
- Staining trough (Large)
- Table (Large)
- Table (Small)
- Biomedical waste management containers (Dustbins)
- Paraffin dispenser
- Centrifuge (Remi)
- Refrigerator
- Binocular Microscope (Motic)
- Binocular Microscope (Olympus)

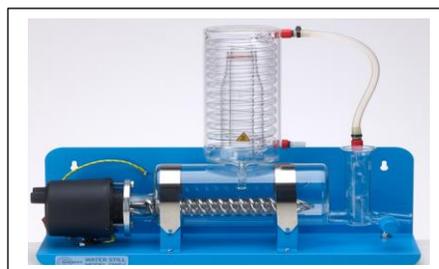

Rectangular water bath

Cell Analyser

Department of Pathology (RESEARCH LABORATORY) :

- Rectangular water bath
- All glass distillation apparatus
- Water bath (57 degree Celsius)
- Centrifuge Roto fix (12C)
- Tissue flotation bath
- Balance with weights
- Electric balance
- Timer
- Laboratory stirrer
- Paper electrophoresis apparatus- horizontal
- Computer with keyboard, mouse and CPU (HCL)
- Polarising attachment for microscope
- Ultraviolet lamp
- pH meter with ultra micro blood pH electrodes
- Electrical centrifuge higher power
- Water baths with lids and holes thereon for holding test tubes
- Graduated cylinders for various capacities (100 cc to 1000cc)
- Pipettes of various sizes

Glass Distillation Apparatus

Centrifuge

Department of Microbiology :

- Incubator
- Autoclave
- Balance manual
- Flask flat bottom
- Microscope
- test tube stands
- Distilled water plant
- Dropping bottle for stains (plastic)
- Anaerobic apparatus (McIntosh)
- Glasswares (Beakers, Conical Flask, Reagent bottles and tests tubes of various sizes)
- Graduated cylinders for various capacities
- Thermometer (non- digital)
- Overhead projector
- Diamond pencil
- Pipettes of various sizes
